Subject: Request to update Plot Size, Property Category and Property Type (35C3429U170)

I am the owner of the property ID bearing no. 35C3429U170 situated at 93/92, Shivalik Tiles, Sanitary Ware, Shitla Colony, 122017. A new property ID no. M/s Yashi Consultancy Pvt. Ltd. created 1CAWN5C6 during their survey against my old property ID. However, a few details captured within the old property ID (Column B) and during the survey (Column C) must reflect the actual details (Column D). See below the details I am requesting to be resurveyed:

Attribute	As per old property ID (35C3429U170)	As per M/s Yashi Consultancy Pvt. Ltd. (1CAWN5C6)	Actual
Plot Size	550 SqYard	1018.830 SqYard	984 SqYard
Property Category	Commercial	Commercial	Special Category
Property Type	Shop	Shop	Storage Godown

I have created an application no 0122033687 against the request above on the ulbhryndc.org portal as well. Requesting you to do the needful.

Yours Truly,

Vinod Bala Malik
